Take a right on Tanglewood Drive and then a left on Hanson Place. Hanson Place will run into Oakridge Drive. Go right on Oakridge Drive and take it to the end. The last driveway on your left is the entry. The house is the one of the left at the base of the driveway.

Things to consider in preparation for the Critique...

- ❖ What were the top 3 things that worked well at this year's Encampment?
- ❖ What were the top 3 things that you felt didn't work well at this year's Encampment?
- ❖ We will approach the Critique in three phases:
 - Pre-encampment planning
 - Pre-cadet arrival operations
 - Primary encampment operations
- ❖ We will use the "Sustain & Improve" model of After-Action Reviews. This means your thoughts should be directed towards what we should "Sustain" or keep doing, and what we can "Improve" upon.
- ❖ Lastly, please keep in your thoughts that the Post-Encampment Critique is designed to improve the encampment experience for next year – but it is not designed to rehash personal grudges or problems with specific individuals. As you prepare your thoughts and comments consider the Golden Rule, "Do unto others as you would have them do unto you!"
