

Welcome to the 2004 Cadet Encampment

Lt Col Vicki Eckhoff
Encampment Commander

Cadets of the 6th Cadet Training Group,

As you graduate this year, take a look at how far you have come in your personal growth.

Each of you have faced challenges that you may never have thought you could have achieved.

I have watched as each one of you realized the importance of teamwork.

Take all of the positive things you have learned this week with you. Use them not only in your CAP lives but in your daily lives as well.

Congratulations on your achievements.

Welcome to the 6th Cadet Training Group

C/Lt Col Aaron Scicluna
Commander
6th Cadet Training
Group

Congratulations on completing the most significant week of training in your CAP Cadet Career.

You made it!

We have put you thru a lot, of stress, anxiety and hopefully along the way you had some fun and exciting experiences.

Our goal was to help you develop as a cadet. In this I hope that I and my staff have succeeded.

Take back what you learn to your units and apply it there. Also I hope that you have had a chance to make some new friends.

Again congratulations and I look forward to seeing you around Minnesota Wing.
