

Air Force Support

From Left to Right: Mr Bill Willis, State Director, Lt Col Larry Brockshus, CAP-USAF NCLR Commander, Lt Col Joel Dale, Minnesota CAP-RAP Officer.

Lt Col Larry Brockshus commands the North Central Liaison Region. The mission of the liaison region is to advise and assist the CAP in addition to providing necessary USAF oversight of the activities of the USAF Auxiliary.

Mr. Bill Willis is the Minnesota State Director. He assists us by insuring that we have facilities to do the encampment and other CAP activities each year. The work that Mr. Willis does for Minnesota allows us to have funds for ES training, our equipment and the uniforms that many of you are wearing. Without Mr. Willis our wing could not function.

Lt Col Joel Dale is MN Wing's Reserve Assistance Coordinator. For the Encampment he is the liaison between the CAP and Volk Field. If we need something, from buses, to the Ropes Course or Hardwood Range he gets it for us.

Without the assistance of our Air Force partners our encampment could not happen every year.
