Aviation and Space Education- Mpls

MN Leadership Academy

27 cadet Airmen trained to be equipped as leaders. Beside the emphasized CAP cadet standards they enjoyed rappelling, the confidence course and the Minnesota Military Museum. Cadet officers were given the opportunity to advance their knowledge of leadership under 2d Lt. Marcel Derosier's guidance

Deputy Commander for Cadets Course

We are planning on getting as many CAP members that are interested at Camp Ripley during the NCO School This will be conducted from the T-133 T Barracks on Camp Ripley. We will have sufficient room for you to stay over. Your cost will be transportation and food cost. You can also come and observe the training at the NCO School. Food cost on base is about \$6.00 a day.

Summer Encampment

If you plan on being involved in the 3rd CTG or the Minnesota Leadership Academy in 2001 as Commander, applications are due 11 Sep.

NCOS School

Registration information is in the unit's possession and posted on the webpage to help you prepare for the next NCOS. Plans are being made to provide a second year program for Senior NCO's. The Senior NCOS will be tasked as Training Instructors to help benefit them as they train the trainers.

Cadet Advisory Council

Cadets selected to represent their units for 2000-2001 CAC need to be appointed on a CAPF 2A including address, phone numbers and email in the remarks block. CAPF 52-16 sets this policy, and prompt completion of this duty will be reflected in the 2000 Commander Emphasis Items. The CAC has much to do in its future, but this is the first step.

The next meeting is 19 Aug in Bldg 852 at the Twin Cities AFRB. 9 to 11:30 AM.

CAP RAP

One of the highlights of the MLA was meeting and getting to know SSGT Pat Mattson. The CAP RAP program supports, but Pat let it out of the bag that he wants to do more. Pat serves as Department Chair of St Cloud State University's Aviation program. Need a good person to augment your Aerospace Education?

SSGT Pat Mattson is your person. Contact me from his contact info.
